Ancient Egypt

Ancient Egypt was a civilization of ancient northeast Africa, concentrated along the lower reaches of the Nile River, in what is now the modern country of Egypt. Ancient Egypt was a powerful kingdom, ruled by a series of rulers called pharaohs, and was famed for its pyramids, temples, and tombs. The ancient Egyptians built these structures to honor their pharaohs and to ensure their safe passage into the afterlife. The ancient Egyptians also developed a complex system of hieroglyphs, a form of writing, and made many advances in science and medicine.
