

This is a bit of a hypothesis, yet to be proven, both polarities of male

and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structural. The difference creates differentiated quantum energy via quantum entanglement (*See bit-coin-encryption-keys - in book*). A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate none-competitive pattern written in science-evolution (*i.e. relationships evolve better with patterns of none-competitiveness, as with molecular and*

quantum evolution, whereby two souls grow and stay together via co-evolving mutualism, in accordance to the patterns of science evolution). Also see:- *Astrological Evolution - Towards the evolution of astrology, upgrading astrology into Astrological Quantum Biology.*

'Equilibrium of yin-female/yang-male will diminish the divorce rate via Sensitive debitive mutualism'

Perfection in a relationship is important as the Tao of the relationship is dependent upon the equilibrium of the polarities of Yin(female) and Yang(male) and sensitive communication.

The rationale is that intuitive balance is associated to Quantum Atmospheric Tao, that is enhanced intuition, the more natural the personalities are the intuitive enhancement that is associated to the third level of understanding of the Tao the true purpose of life (*will be explained with the divine Tao, still waiting for the evolved mathematics*).

There are two natural ways to evolve on your Tao: via debate or via coevolving mutualism, if you are a Taoist Monk evolution is via debate, though mutualism has been chosen by many: that is via co-evolving mutualism with Yin-Yang balance so to perceive the divine Tao within a natural Yin-Yang relationship.

Perhaps some may ask why science is important in relationships and the answer is that the patters of evolution are written in nature via universal inflation, quantum evolution and molecular evolution. As with the hypothesis: the origins of the universe (see bio-functional-foods.com) as the first quantum polarity initiated the patters of science evolution; the parallel perception with Yin-Yang coevolving mutualism is that polarity of Yin-Yang is has an similar patten, at quantum level the atmospheric Tao polarity of Yin-Yang is balanced with sensitive communication is the evolution or the Tao of the relationship.
