Quantum Science Renaissance

Quantum Science Renaissance

The Quantum Yin Yang Symbol is representative of the Quantum Equilibrium of the polarities!

All the inventions on this website may be manufactured all I (J.L King) ask is ½2 of the income generated via the product manufacture and/or income generated by the implementation of concepts on theses websites, though there is no obligation it is absolutely Good Will if you give 2% of the the income generated via the manufacture of products to the real Aurther/science inventor (John Lawrence King), in order to maintain the websites independently.

Though fermented fruit and vegetable equivalents in the form of powdered gels + water (in manageable packets) to feed the poor (if the crops fail) if 100.0000 packets of fermented fruit and vegetable powdered gels are produced each day, that would feed a 100.0000 people each day and if the crops fail there would be no famine ever with implementation of industrial microbiological fermentation plants for production; this harmless service should be completely free to manufacture in any contrary and the initial investment could be derived from floating stocks on the stock exchange; just reference to this website for the inventive ideas please.

Yin Yang Quantum Buddhism is NOT for homosexuals or security and NO Yang Yanging, the truth is the victims always struggle to serve Rape don't agree to be raped.

The more extreme greed and selfishness the closer are Nostradamus prophecies; Do NOT YANG_YANG anyone monarchs it's against the laws of Atmospheric Quantum Karma, according to the pattern of physics.

Quantum-flip-flops :-

Quantum-flip-flops are when quantum entanglement polarity changes occur, this is achieved by utilising electrons when exchanging "atom-shell" when there is an energy change that has affect upon the quantum entanglement for room-temperature quantum computer CPU and Quantum-data-base-Systems - John Lawrence King 08.04.2026

Thanking you in advance for manufacturing the inventions, kind regards

John Lawrence King

Applied-Neuro-PhysicsScience

Applied-Neuro-PhysicScience is the usage of Quarks, Bosons, Leptons and Gluons in an applied science/holistic way.

I'm supporting a peaceful referendum for NO monarch on the throne, to create sustainable peace in the UK.

Governmental Tourism

The above graphics/Tao symbols are quite important representing universal love and the patterns of science evolution (see structure of quarks & gluons - Search images - and the quantum field theory); the graphics show the patterns of science evolution are quantum equilibrium of the quantum polarities that is + and - 10 and equilibrium (see hypotheses for parallel universes and universal inflation in within science hypotheses to explain the origins of the universe).
